About Us

Aumex HVAC India Private Limited is a well-established company specialized in manufacturing HVAC systems. The company was formed in 2019 and has rapidly gained recognition in the market for its high-quality products and strong commitment to customer satisfaction. The core focus of the company is to design and develop advanced HVAC systems which provide superb air quality to industrial and commercial sectors. Our firm combine innovative technologies, extensive domain expertise and advanced engineering to deliver efficient heating, cooling and air circulation products such as Industrial Clean Room AHU Unit, Industrial Clean Room ETAC Units, Chiller System, Building Tunnel Ventilation, etc.

With the support of world-class production facilities and a group of skilled professionals, our company is adhering to strict quality control standards at all the stages of production. By incorporating the latest industry advancements in the working system, we strive to create both environment friendly and cost-effective HVAC products for the clients. Over the years, the company has introduced various innovative products in the market and attained a distinguished position as a manufacturer and supplier. Customer satisfaction is the ultimate goal of the company and to achieve the same, we are working cordially with the clients and trying to understand their specific needs. Through our tailor made HVAC solutions, we are supporting the clients and contributing towards their business growth.
