

TOSHIBA

QUIETLY **ADVANCED**

MINIMAL IN FORM. MAXIMUM IN THOUGHT.

SHI
BUI

— 渋い

The new Toshiba Hi-Wall Series, Shibui represents a new era of premium cooling. Built for spaces that value elegance, silence, and superior engineering, this range blends sophisticated aesthetics with Japanese precision to elevate the way you experience comfort.

PRECISION REDEFINED THROUGH DESIGN

Every detail in the new Toshiba Hi-Wall Series, Shibui is designed with purpose. With thoughtful engineering, a clean matte finish, and smooth, quiet cooling, it brings comfort to any space in a way that feels natural and welcoming.

THE MATTE FINISH OF MODERN LUXURY

Crafted with a soft matte texture and a refined silhouette, the indoor unit blends into contemporary spaces with ease. Its calm, modern finish adds to the environment without drawing attention, letting the space feel balanced and uncluttered.

REDEFINE

BUILT FOR TODAY. READY FOR TOMORROW.

The next-generation Hi-Wall Series, Shibui is engineered to deliver consistent, dependable cooling across all conditions.

-  **Fast, responsive cooling**
-  **Stable inverter performance**
-  **High-ambient capability for extreme temperatures**
-  **Clear temperature display**

THE SMARTER REMOTE

Your first connection to comfort should be as premium as the AC itself. Introducing the all-new USB-rechargeable remote:

-  **No more batteries**
-  **Minimalist design with premium tactile buttons**
-  **Long lasting power and sustainability**
-  **Smooth, intuitive navigation**

A remote that complements your lifestyle - stylish, modern, and thoughtful.

4-WAY FLEXIBLE SWING COMFORT

The advanced 4-way flexible swing distributes air evenly across the room, reaching every corner with balanced, consistent cooling. Whether you are relaxing, working, or entertaining, comfort remains uniform throughout.

PRECISION AIR FILTRATION

This AC protects your home with:

PM 2.5 filtration 

Nano-coating technology for longer machine life 

Cleaner airflow and reduced impurities 

Every breath feels lighter, fresher, and healthier.

COMFORT THAT CLEANS ITSELF

With Toshiba's Self-Cleaning Technology, your AC stays fresh inside-out. The fan continues to run after shutdown, preventing moisture buildup, mold formation, and odor. This means cleaner air, better performance, and longer lifespan - naturally.

ENGINEERED WITH JAPANESE PRECISION

Rooted in the discipline of Japanese engineering.

-  High ambient cooling up to 52°C
-  Low sound operation at just 32 dB(A)
-  Multiple Capacity modes for every occasion
-  Eco-friendly performance with sustained durability

It's cooling made smarter, stronger & more refined.

ENGINEERED FOR RESPONSIBLE COOLING

The new Hi-Wall Series, Shibui uses R32 refrigerant- a safer, greener choice.

-  Lower Global Warming Potential
-  Zero ozone depletion
-  Better energy efficiency

PRECISION COOLING FOR DESIGNED SPACES
