About Us

Sotstech Auto Robotics Pvt. Ltd is a leading name in the field of industrial manufacturing and automation, dedicated to delivering innovative, reliable, and high-performance solutions. Based in India, our company specializes in the manufacturing and supply of a diverse range of products, including Scissor Lifts, Portable Cabins, Flux Cleaning Machines, Industrial Automation Systems, and many more advanced industrial tools and equipment. We are committed to enhancing operational efficiency and workplace safety through cutting-edge design, superior engineering, and strict quality control. Our solutions are widely used across sectors like automotive, manufacturing, logistics, construction, and warehousing. We prioritize customer satisfaction by offering customizable solutions tailored to the unique needs of each client. Backed by a team of experienced professionals and advanced infrastructure, we ensure timely delivery and excellent after-sales support.

Our focus on innovation, sustainability, and precision engineering has helped us build long-term partnerships with clients across India and beyond. Whether it is automation integration or heavy-duty industrial support, Sotstech Auto Robotics Pvt. Ltd stands as a symbol of trust, quality, and future-ready technology. We are passionate about powering industries with smarter, safer, and more efficient solutions every day.
