About Us

Having been founded in 2009, Amar Engineering Industries is regarded as one of the leading manufacturer and supplier of the high quality products. Our collection includes Automobile Bearings, Rolling Mill Bearing, Needle Roller Bearing, Tractor Bearing, etc. These bearings are in high demand on the market because of their durable build, small size, mechanical and thermal stability, and extended service life. With our valued customers vivid demands in mind, we offer the offered bearing in a variety of sizes, designs, and specifications. Furthermore, there is a considerable market demand for the provided industrial and automotive bearings.

Our ability to satisfy large orders, our focus on the needs of the customer, and our prompt delivery have allowed us to serve a considerable clientele across the country. Our companys adherence to quality assurance methods has enabled us to offer our clients industrial and automotive bearings of the highest quality at competitive costs. For the convenience of our esteemed clients, we offer a variety of payment methods, including cash and online. We provide standardized packaging solutions with the convenience of our esteemed customers in mind. We have been able to meet the exact needs and demands of our esteemed clients thanks to the guidance and oversight of our mentor, Mr. Viral Ankola. His extensive expertise, in-depth knowledge, and management abilities enable him to achieve financial stability, market credibility, and goodwill.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	gearbox bearing, truck bearing, Cylindrical Rollers, ball bearing, JCB Wheel Bearings, industrial taper Bearing, tapered roller bearings, spherical roller bearings,
No of Staff	15
Year of Establishment	2007
OEM Service Provided	No
Product Range	gearbox bearing, truck bearing, Cylindrical Rollers, ball bearing, JCB Wheel Bearings, industrial taper Bearing, tapered roller bearings, spherical roller bearings,

Our Products
