About Us

At SMAJ Heaters India Private Limited, innovation and precision come together to deliver heating solutions that power industries with efficiency and reliability. Established with a vision to redefine standards in industrial heating, the company has grown into a trusted manufacturer and supplier of premium-quality Heater Spare Parts. Our wide product range includes Ceramic Band Heaters, Power Saver Ceramic Jacketed Band Heaters, Mica Band Heaters, and Split Tube Furnaces, each designed to meet the diverse needs of modern industries.

With state-of-the-art manufacturing facilities and stringent quality control, every product reflects durability, energy efficiency, and long-lasting performance. Backed by a skilled team of engineers and professionals, SMAJ Heaters India focuses on blending advanced technology with practical solutions to deliver unmatched value to customers.

Key Facts

No of Staff	45
Year of Establishment	1993
OEM Service Provided	No

Our Products

Die Cast Heating And Cooling

Immersion Rod

Manifold And Flexible Heater

Hopper Elements

Low Density Cartridge

Thermocouple Sensor

Brass Sealed Nozzle

Mica Strip And Nozzle

Coil Heater

Alkaline Titanium Silica Glass Tubular

Split Tube Furnace

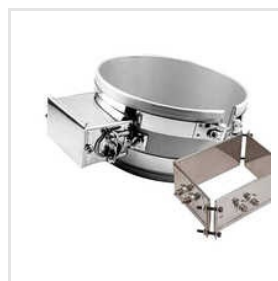

Heating Mantle

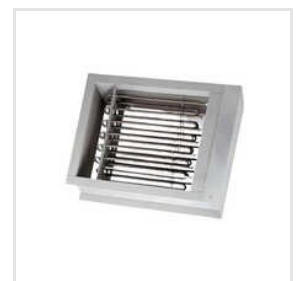

Ceramic Band

Drum And Silicon Rubber

Mica Band

Duct Chamber
