

## LABORATORY CHEMICAL

**Best Destination For Quality Lovers**

1 Hexan Sulphonic Acid Sodium Salt Anhydrous, 1 mm Tlc Plate, 100% Hplc Methanol, 100% Petroleum Spirit, 35% LiquorAmmonia, 4 Dimethylamino Pyridine, 500g Trisodium Citrate, 97% Ammonium Formate, 98% Ammonium Sulphate, 98% Magnesium Acetate, 98% Potassium Persulphate, 99% Acetamide Powder, 99% Aluminium Nitrate, 99% Cadmium Carbonate, 99% Diethyl Ether, etc.

**QUINOLINE 500 ML****PYRIDINE SOLUTION****POTASSIUM FERROCYANIDE**

## About Us

Established in 2019, Gayatri Enterprises is a trusted Trader and Supplier of high quality chemicals, headquartered in Hapur, Uttar Pradesh, India. Since our inception, we have been dedicated to meeting the growing demands of laboratories, industries, and institutions by offering a reliable range of chemical products backed by consistent quality and prompt service. Our product portfolio includes Laboratory Chemical, Mercuric Chloride, Hydrochloric Acid, Chemical Compound and many other allied chemicals. Each product is sourced from dependable manufacturers and handled with utmost care to ensure purity, effectiveness, and compliance with applicable standards. We understand that accuracy and reliability are critical in chemical applications, and we strive to deliver products that meet those expectations every time.

Guided by the strategic direction and forward thinking approach of our CEO, Mr. Manish Sharma, we have steadily built a reputation for professionalism and trust. His leadership emphasizes ethical business practices, customer satisfaction, and long term partnerships. This has enabled us to serve a broad client base across multiple sectors with efficiency and integrity. We place strong emphasis on quality assurance, safe handling, and regulatory compliance, ensuring that all supplied materials adhere to established safety norms. Our well organized supply network and customer centric approach allow us to respond quickly to client requirements and provide dependable support.
