RIBBON BLENDERS

About Us

Established in 2004 in Pune, Maharashtra, Tejas Engineering Works has grown into a trusted name in the field of industrial equipment manufacturing. As a leading manufacturer and supplier, we specialize in providing robust and efficient machinery designed to meet the diverse requirements of industries. Our commitment to precision engineering, reliability, and innovation enables us to deliver solutions that contribute to long-term operational success for our clients.

We design and manufacture a wide range of equipment including Rotary Airlock Valves, Screw Conveyors, Ribbon Blenders, Boiler Casing and Oil Preheating System. Each product is built to deliver superior performance, durability, and efficiency. From bulk material handling solutions to energy-efficient systems, our machines are engineered to optimize productivity while maintaining cost-effectiveness. With our expertise, we cater to various sectors that demand consistent quality and seamless functionality.

We believe that the true measure of success lies in customer satisfaction. That is why we work closely with our clients to understand their requirements and provide solutions that suit their specific needs. Whether it is customized designs, timely delivery, or after-sales support, our team ensures a smooth and reliable experience. Our dedication to service has earned us long-standing relationships with clients who rely on us for consistent performance.

Key Facts

No of Staff	25
Year of Establishment	2004
OEM Service Provided	No

Our Products

Screw Conveyors

Ribbon Blenders

Boiler Casing

Oil Preheating System

Air Preheating System

Oil-Gas Burner

Storage Tank

Industrial Chimney

Industrial Ducting

Industrial Dampers

Industrial Economiser

Boiler SS Sleeve
