About Us

Founded in 2024 in Lucknow, Uttar Pradesh, Dayal Hearing & Speech Development Centre is committed to improving the quality of life for individuals with hearing and speech challenges. We specialize in providing advanced hearing aids, hearing testing services, and speech therapy programs tailored to meet individual needs. Our offerings include trusted brands such as Audio Phonak Hearing Aid, BTE Prompt P Signia Hearing Aid, and RIC Styletto Signia Hearing Aids, along with expert-led therapies like Misarticulation Speech Therapy. With a focus on compassionate care, advanced technology, and personalized treatment, we aim to bridge the gap between hearing loss and communication, enabling our clients to live with confidence, independence, and improved social interaction.

Dayal Hearing & Speech Development Centre operates as a trader, supplier, and service provider of innovative hearing solutions and therapy programs. Strategically located in Lucknow, we provide services to individuals of all age groups, from children to the elderly, ensuring accessibility and quality care. With our range of Phonak and Signia hearing aids, state-of-the-art hearing testing services, and specialized speech therapy for misarticulation and communication disorders, we deliver holistic support under one roof. Our center is designed to create a welcoming environment where patients receive accurate diagnosis, personalized solutions, and continuous aftercare. By combining medical expertise, modern equipment, and customer-centric service, Dayal Hearing & Speech Development Centre has emerged as a trusted partner for hearing and speech care needs.
