OVERVIEW & APPLICATIONS

Elevate fire safety standards with our ISO-certified Dry Powder Fire Extinguisher, meticulously engineered for commercial and residential applications. Constructed from robust mild steel with a 2A; 55B rating, it provides trusted performance for Class A, B, and C hazards.

OPERATION & PURCHASING DETAILS

How to Use & Where to Apply: Simple pull-and-squeeze operation delivers rapid ABC powder discharge in ~15 seconds. Ideal for offices, warehouses, residences, and industrial spaces handling electrical, solid, and liquid combustibles.

Purchasing & Nationwide Delivery: Secure with a Purchase Order and clear outlay procedures. Enjoy prompt 7-day delivery via reliable transport network servicing clients across all major Indian states.

FREQUENTLY ASKED QUESTIONS

Q: How do I correctly operate the Dry Powder Fire Extinguisher in an emergency?

A: To use, pull the safety pin, aim the nozzle at the base of the fire, squeeze the handle, and sweep from side to side until the flames are extinguished. Always maintain a safe distance during operation.

Q: What types of fires can this Dry Powder Fire Extinguisher handle?

A: This extinguisher is rated for A, B, and C class fires, meaning it can be used against typical combustibles, flammable liquids, and electrical fires, making it suitable for diverse hazards.

Q: When should I consider advance purchasing this fire extinguisher?

A: Advance Purchase is ideal for businesses or homes looking to proactively equip their premises for emergencies, especially during trending seasonal promotions or safety upgrades.

Q: Where can this extinguisher be most effectively utilised?

A: This portable extinguisher is optimal for both commercial areas like offices and warehouses, and residential spaces, offering versatile protection wherever fire risk is present.

Q: What is the process for ordering and receiving the extinguisher?

A: Simply submit a Purchase Order, arrange for payment as per agreed terms, and benefit from our trusted transport services for delivery across India's main domestic market.

Q: What benefits does this ISO certified extinguisher provide?

A: Being ISO certified, the extinguisher assures top-level performance, safety, and compliance. Its grand build and reliable discharge time ensure protection you can count on during emergencies.
