## About Us

Spraycel Coatings is a name to be considered in pharmaceutical coating, motivated by continuous innovation, precision, and performance. As a manufacturer, supplier, and exporter, the company provides superior coating materials that are suitable for the evolving needs of pharmaceutical, nutraceutical, and allied industries. Its products include tablet coating material, express film coating materials, rapid sugar film coating materials, pearl coating materials, seal coat, enteric coating materials, and special sweet coating materials, all of which are made with scientific suitability and functional beauty.

All these products integrate state-of-the-art formulation technologies that enhance coating performance, ease processing, and enhance final product appearance. Understand the film formation process deeply to develop enhanced coatings for tablets and OSD formulations with improvement in bioavailability and shelf-life. Smooth application without production difficulties simplifies process complexity with firm adhesion and steady performance on various substrates and equipment.
