About Us

Mahavir Electronics is one of the leading traders and suppliers of all types of electronic components and devices. The wide variety in our portfolio includes IGBT Modules, SMD IC Transistors, Electronic Bridge Rectifiers, Female Socket Power, Taper Rotary Potentiometers, Solid Relays, Electronic Cooling Fans, Tactile Switches, Power Cords, OPTO Couplers, Pressure Sensors, Fuse Holders, Radial Fuses, and so on. We cater to the diverse needs of industries by offering products that provide performance, durability, and efficiency. That has enabled us to establish ourselves as a preferred partner for businesses across the market.

At Mahavir Electronics, we are passionately trading and supplying a variety of electronic components and devices. We have a vast portfolio that comprises IGBT Modules, Female Socket Power, Solid Relay, Electronic Cooling Fan, Tactile Switch, SMD IC Transistors, Power Cord, OPTO Coupler, Pressure Sensor, etc.
