

EXPORTER, MANUFACTURER AND SUPPLIER
SOLVENT EXTRACTION PLANTS

Automatic Weighing Machine, Batch Refining Plant, Bucket Elevators, Bulk Flow Conveyor, Continous Refining Plant, Continuous Bleacher, Conveying System, Cooker Conditioner, Dehuller Machine, Desolventiser Toaster, Dewaxing Plant, Double Pipe Heat Exchanger, Dry Fractionation Plant, Dryer Cooler, Edible Oil Refinery Plant, etc.

LECITHIN PLANTS

OIL DEODORIZATION PLANT

MISCELLA REFINING PLANTS

About Us

V Tech Engineering was previously acknowledged as Shri Yash Fabricators And Consultancy. It started the journey a decade ago in Madhya Pradesh, India. Our company is engaged in manufacturing machines and plants while offering turnkey solutions to the industry of Edible Oil. The projects delivered includes lecithin plant, edible oil refinery, mechanical extraction plant, solvent extraction plant, etc. Inferable to our accurate engineered range, client-centric approaches, and well-facilitated manufacturing unit, our company has been to create a massive client base across the Indian and global markets within a short period. Our equipment range is highly acclaimed by the customers for robust construction, high efficiency, and low maintenance. Being a quality centric company, we focus on delivering quality and hi-tech equipment to the customers. Therefore, our comprehensive collection of equipment undergoes vigorous quality testing at regular interims by the qualified and trained quality analysts. moreover, our well-equipped infrastructure helps us to fulfil the bulk orders of our clients inside the set time frame. While exporting the equipment collection to more than fifteen countries, our company has attained global recognition by expanding itself every year.

With investment of INR 60 lacs, our company, V Tech Engineering has been easily meeting market demands for lecithin plant, mechanical seal, pressure vessels, industrial heat exchanger, thermic fluid boiler, industrial pressure vessel, plate heat exchanger etc., since its formation in the year 2007. As a quality focused manufacturer, supplier, trader and exporter, we make sure that each piece of our gamut is offered to clients after ensuring abidance with national norms. Customers widely praise our range of heaters and heat exchangers due to its fluent performance, low power consumption, durability and low maintenance cost. Furthermore, credit of our tremendous success in the market goes to relentless efforts of professionals, punctual delivery schedules and customer oriented approaches.

Key Facts

Nature of Business	Manufacturer
Primary Competitive Advantages	Palm Oil Refinery Plant,Soyabean Oil Refinery plant,Scraped Surface Chiller,double pipe heat exchanger,horizontal heat exchanger,hammer mill,dewaxing plant,oil mills,conveyors,elevators
No of Staff	50
Year of Establishment	2007
OEM Service Provided	No
Memberships	SEA, SOPA,MSME
ProductRange	Palm Oil Refinery Plant,Soyabean Oil Refinery plant,Scraped Surface Chiller,double pipe heat exchanger,horizontal heat exchanger,hammer mill,dewaxing plant,oil mills,conveyors,elevators

Our Products

Solvent Extraction Machinery

Solvent Extraction Plant

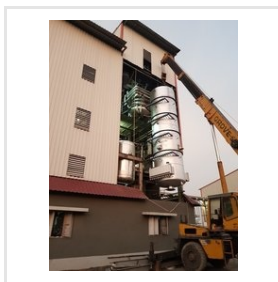

Plate Heat Exchangers

Scrapped Surface Heat Exchangers

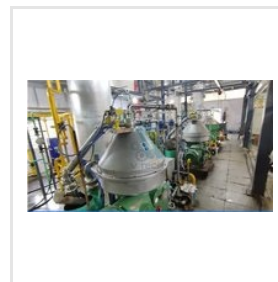

Double Pipe Heat Exchanger

Physical Refining Plant

Pre Treatment And Bleaching Plant

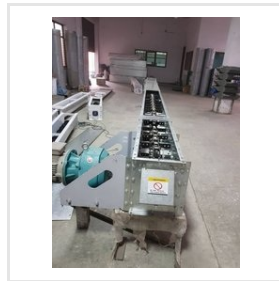

Edible Oil Refinery Plant

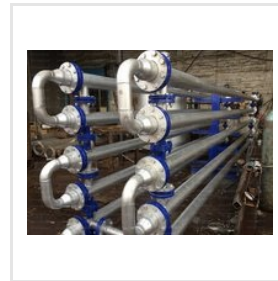

Edible Oil Deguming Plant

Neutralization Plant

Oil Refinery

Shell And Tube Heat Exchangers

Water Washing

Batch Refineing Plant

Continous Refining Plant

Continuous Bleacher

ADDRESS

Halka No.5, Agrawal Compound,
Khatipura, near Gauri Nagar,
Sukhliya, Indore, Madhya
Pradesh, India (452010).
