

100% COMPOSTABLE

AVIOS  GREEN IND.  
Go With Eco-Friendly

## About Us

Avios Green Industries stands at the intersection of sustainability and innovation. We offer eco-friendly, compostable products that not only reduce environmental impact but also elevate everyday living. With a deep commitment to green solutions, we're shaping a cleaner, smarter future.

## Our Mission

To lead in environmental stewardship by delivering affordable, effective, and planet-friendly products. We aim to empower individuals and communities to reduce waste and embrace sustainable practices in their daily lives.

## Our Vision

We imagine a world where every product supports a healthier planet. Through continuous innovation in biodegradable solutions, we inspire global change and promote a lifestyle rooted in eco-conscious values.

## **Certified Raw Materials**

We source only certified raw materials that meet stringent national standards, ensuring premium quality and reliable performance.

## **Environmental Responsibility**

Our biodegradable by-products support a cleaner planet, offering eco-friendly solutions that reduce environmental impact.

## **Commitment To Quality**

We consistently upgrade our raw materials and processes to maintain exceptional quality and product consistency.

## **Dedicated Teamwork**

Our skilled team drives seamless operations across all functions purchasing, sales, production, and technical support in R&D operation and testing.

## **Extensive Warehouse Network**

With warehouses in key locations like Bhavana Noida, Kolkata (W.B), Hyderabad (Telangana), Vishakhapatnam (A.P), Bangalore (Karnataka), Chennai (Tamilnadu), Ernakulam (Kerala) our service is more fastest, efficient and reliable delivery.

## **Regulatory Compliance**

We follow all CPCB and Government of India standards, ensuring safe, responsible, and fully compliant operations.

## **Lab Test**

Our in-house lab ensures the highest quality through rigorous raw material testing with advanced equipment.

### API-023

#### Application

Regular filler for every kind of bags

### API-105

#### Application

Regular filler with more strength

### API-107

#### Application

Filler use for minimum micron & more No. of pieces premium quality

### API-209

#### Application

Premium filler export quality

### API-MB

#### Application

Colour master batch  
(Red, Blue, Green,  
Yellow, Black, White)

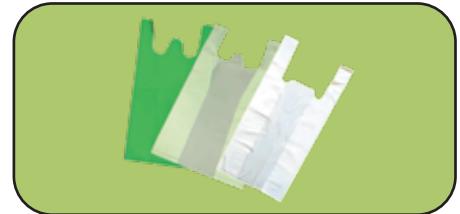

### API-W 01

#### Application

Remove colour  
Effect of RP  
uses granules

### API-STR 08

#### Application

Semi Transparent  
granules For Low  
transparency

### API-FTR 09

#### Application

Fully Transparent  
compound

### API-STRENGTH 05

#### Application

Strength Filler

### API-CMD 06

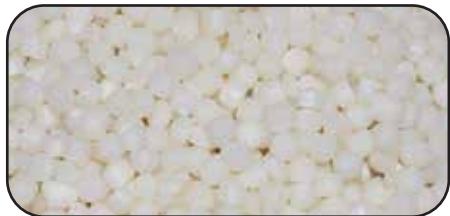

#### Application

Compound  
ready to Use

### API-STRETCH 02

#### Application

Stretch Film

### API-MULCH 03

#### Application

Mulching Film

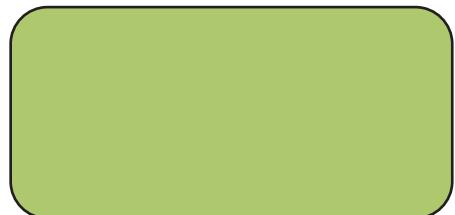

### API-MG 04

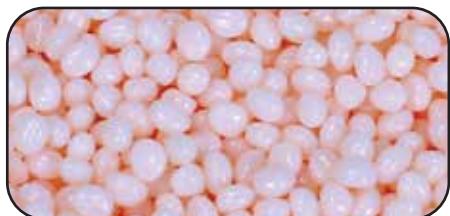

#### Application

Moisture granule  
for remove  
moisture if required

### PBAT

#### Application

Polybutylene  
Adipate  
Terephthalate

### PLA

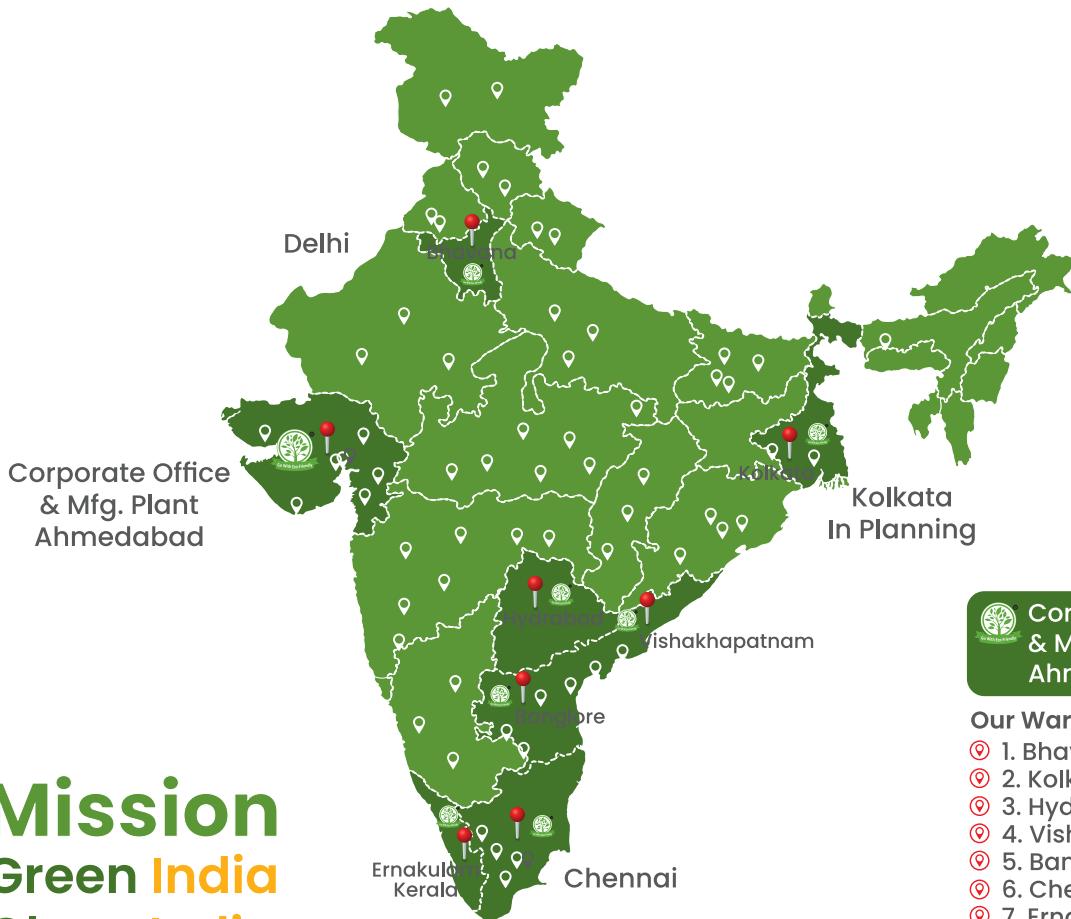

#### Application

Polylactic Acid
