

TOYAMA

ENGINEERED WOODEN FLOORING

TM

Toyama floors is a total flooring solution provider with a complete flooring collection that meets the modern day requirement for beautiful, durable and functional floors for residential as well as commercial settings. A carefully designed range of high quality flooring solutions, the entire range of Toyama floors is a blend of rich and authentic colors, decors, textures and surfaces.

Toyama floors Engineered Flooring are an integral part of the product line. With a great emphasis on manufacturing and supplying the most superior quality and grades of floors from around the world, the series is carefully designed to offer the most exquisitely crafted floors for any unique setting.

we are able to provide 100% real wood flooring of the highest quality that has a stable structure resistant to changes in temperature and moisture. With its unique 5Gc locking system, installation of flooring boards is even faster and simpler.
