

HYBRID FLOORING

Laminate Flooring

Water-resistant, spill-friendly

Upto 100 hours Spill-Proof Technology for Lasting Protection

Say goodbye to worries about spills and moisture damage. With advanced spill-proof technology, our flooring withstands accidental spills and moisture, ensuring long-lasting protection. Ideal for both residential & commercial spaces, it offers durability & peace of mind.

**WATER RESISTANT
AGAINST SPILLS**

A New Standard in Durability & Performance

Experience the next level of flooring innovation with Black HDF (High-Density Fiberboard). This advanced core material brings the best attributes of laminate & wood flooring, offering exceptional durability & versatility for a variety of spaces.

FusionPro HDF

The HDF core provides stability, moisture resistance, & long-lasting durability.

Decorative Layer

A realistic design layer gives the flooring an attractive finish, mimicking natural wood

Overlay Layer

The top protective layer is of AC4 which shields the flooring from scratches, and daily wear

Backing Layer

The bottom layer offers additional stability & resistance to warping, ensuring the floor remains in place

Classic Elegance, Pro Innovation

Introducing Waterproof Laminate Flooring: With a V-groove and real wood texture for a seamless, natural look. Water-resistant, durable, and easy to install, it features a black HDF core that stays stable for up to 100 hours when submerged in water—perfect for any space!

AC4

Transform your space with the Hybrid collection, where timeless luxury meets exceptional craftsmanship. Designed with precision, these planks elevate your interior with a perfect blend of traditional charm and modern innovation.

8mm Thickness

Featuring a robust 8mm thickness, delivering a strong, stable foundation. This substantial depth not only enhances the comfort underfoot but also ensures lasting durability, making it an investment in high-end quality.

V-Groove Detailing

Each plank is meticulously crafted with a V groove, adding subtle depth and definition to the design. This intricate touch enhances the visual appeal, creating a refined aesthetic that captures the eye.

Click Lock

The Click Lock system offers effortless installation, providing a secure and seamless fit. Enjoy the convenience of easy setup, while achieving a polished, professional finish that combines elegance with practicality.

Available Shades

A close-up image of a light-colored wood grain, identified as Saffron Sunrise. The grain is characterized by a warm, golden-brown hue and a pattern of wavy, vertical lines. The texture appears smooth and natural.

SAFFRON SUNRISE

A close-up image of a dark wood grain, identified as Walnut Majesty. The grain is a deep, rich brown with prominent, wavy vertical lines and some darker, more intricate patterns. The texture is smooth and polished.

WALNUT MAJESTY

A close-up image of a medium-toned wood grain, identified as Artic Aura. The grain is a muted, greyish-brown color with a pattern of wavy, vertical lines. The texture is smooth and natural.

ARTIC AURA

A close-up image of a light-colored wood grain, identified as Silver Sand. The grain is a pale, off-white or light beige color with a pattern of wavy, vertical lines. The texture is smooth and natural.
