## About Us

Star Electricals Corporation is a trusted name in the field of electrical power solutions, established in the year 2017 and headquartered in Ghaziabad, Uttar Pradesh, India. Since our inception, we have been committed to delivering reliable, efficient, and high-quality products and services to meet the evolving needs of the electrical and power distribution industry. We operate as a Manufacturer, Trader, Service Provider, and Supplier, offering a comprehensive range of solutions under one roof. Our core expertise lies in VCB (Vacuum Circuit Breaker) systems and components, which are widely used in industrial, commercial, and utility applications for safe and efficient power control. With a strong focus on quality, performance, and customer satisfaction, we have steadily built a reputation for dependability and technical competence.

Our product portfolio includes VCB Panel Spares, Vacuum Interrupters, Vacuum Circuit Breakers, and critical components such as Tripping Coils. Each product is sourced or manufactured with strict attention to quality standards to ensure durability, safety, and consistent performance. We understand the critical role these components play in electrical systems, and therefore we emphasize precision, reliability, and long service life in every offering.
