TOTAL SOLAR MATERIAL SOLUTIONS

ABOUT COMPANY

Our company, been active since the beginning of APRIL 2020, has moved to its new workplace based in Ahmedabad. BIRVA ENERGY is a domestic trade company which is understood by its name and deals with locals in general. Our company has primarily focused on of solar electrical products on which it has many years experience. Later on, as demand from the market and new opportunities emerged; we started saling some other products such as Solar Module Mounting accessories and Structure Accessories and so on.

In the near future, our company also aims to establish regional dealerships and focus on e-commerce activities with its own branded (BIRVA ENERGY) products as well as the products of the producers that already have business cooperation with us.
