

Industrial Belt Conveyor - Product Details

Category	Conveyor & Conveyor/Industrial Belts
Private Category	Industrial Conveyor
Product Name	Industrial Belt Conveyor
Country of Origin	India
Product Code	01
Product Status	APPROVED

Product Description

Industrial Belt Conveyor is widely used for material handling and transportation in various industries. The conveyor system is manufactured using high quality mild steel structure with heavy duty belt support for smooth and efficient operation. It is suitable for continuous transport of industrial goods and materials with low maintenance and long service life.

Technical Specifications

Product Type	Industrial Belt Conveyor
Material	Mild Steel (MS)
Structure	Belt Type Structure
Usage/Application	Industrial Material Handling
Power Source	Electric
Voltage	220/440 Volt
Surface Finish	Polished
Features	Heavy Duty, Corrosion Resistant, Smooth Operation
Automation Grade	Semi Automatic
Load Capacity	Customized
Conveyor Length	Customized
Conveyor Width	Customized
Warranty	Yes
Country of Origin	India

Business Keywords

heavy duty conveyor belt, chemical resistant conveyor belt, custom industrial conveyor manufacturer, belt conveyor system, industrial material handling conveyor
