About us

Swarom Digital Media was established in 2008 under the dynamic leadership of Mr. Yogdutta Athalye, with the vision of creating a printing and publication house that delivers quality printing solutions at competitive prices. Since its inception, the company has made remarkable progress, showing significant growth over the years. With excellent resources and a highly skilled team, Swarom Digital Media has consistently provided reliable printing products and services.

Over its 12-year journey, the company has grown from its early stages to a leader in the industry, developing a large printing facility equipped with superior machinery, enabling high production capacity without compromising on quality. Swarom Digital Media has become a trusted name for various types of printing services.

To further this commitment to quality and affordability, Swarom Digital Media launched **Liha Notebooks**, a brand dedicated to offering premium notebooks at affordable prices.
