## About Us

Wooden packaging is resilient and hard-wearing. Wooden options in packaging prevents loss in transit by keeping products protected from misplacement as well as damage. Wood as a material for storage and packaging is customisable, repairable, efficient and cheaper. Looking at plenty of benefits for opting wooden packaging, Wood Paker, has introduced several products that meets purpose brilliantly. Our company as a manufacturer has been utilizing wood for several storage and packaging products.

We embrace wood engineering approach that allow us to cater our customers with products that are simple to transport, maintain and handle. We conform to go green initiative and therefore source our wood from commercially grown plantations by adopting reliable methods to manufacture environmental-friendly wood. The gamut of ours comprises Hardwood Crates, Wooden Euro Pallets, Wooden Top Frames and others. Our company has IPCC acknowledged plant as well as in-house FHAT plant that adheres to ISPM15 norms for the purpose of exports. The SAWMILL is licensed by forest department. Our advanced facilities help us to maintain maximum output. This allows us to meet demands of our customers for wooden packaging and storage products expeditiously. The industrial township of our company is spanning across 6.5 acres of land in Vapi. We have maintained our presence also in Gandhiram, Gujarat. Our company works excellently in business to suffice customized requirements of clients for wooden packaging items.
