About Us

Our determination, grid sincerity and commitment to excellence coupled with the hard work of our work force helped us, AB Engitech, to become the most sought after Turnkey Solution Provider & Engineering Firm in the entire Indian sub-continent. Established in the year 2007, we bank on our invaluable industrial experience to provide our clients with projects ranging from Concrete Brick & Block Plants, Gypsum Powder (POP) Plant, Mineral Grinding Plants, Sponge Iron Plant, Lime Plant, Stone Crushing Plant and Agro Based Plants. Our in-depth expertise in this area of discipline make us capable to execute each project with detailed precision, right from the understanding of concept, preparing project reports, rendering technical consultancy, manufacturing & providing, training of workers to erection and commissioning.

Apart from this, we are also a renowned manufacturer, supplier and exporter of a wide range of Crushers, Stone Crusher, Stone Crusher Machine, Screens, Rotary Kilns, Ball Mills, Dryers & Coolers, Noduliser, and Material handling equipments, etc. Designed from high grade raw materials, top grade hydraulics, high class electrical components along with wear resistant moulds manufactured under the strict guidance of talented engineers and quality controllers, our complete array is durable, robust, energy efficient, user friendly and no maintenance.

Key Facts

No of Staff	30
Year of Establishment	2007
OEM Service Provided	No

Our Products

Screw Feeder

Agro Based Plant

Screw Conveyor

Rotary Screen

Hammer Mill

Vibrating Screen

Roll Crusher

Jaw Crusher

Impact Crusher

Cone Crusher

Rotary Vane Feeder

Drag Chain Pallet Conveyor

Apron Conveyor Chain

Weigh Feeder

Table Feeder

Vibrating Feeder
