

# Filter Media

Customer faith well-kept for lifetime.

2-5mm Fluoride Removal Media, Activated Carbon Granular, Analog Pressure Gauges, Apartment Sewage Treatment Plant, Arsenic Removal Media, Carbon Block Filter CTO, Coconut Shell Activated Carbon, Commercial Sewage Treatment Plant, Domestic Hard Water Softener, FRP RO Plant, Filtriva String Wound Filter, Filtriva Water Filter Housing Set Big Blue Jumbo, Golden Yellow Water Softener Resin, High Flow Nylon Monofilament Cartridge Filter Bag, Industrial Filter Bag, etc.

**GOLDEN YELLOW WATER SOFTENER  
RESIN**

**IRON REMOVAL MEDIA IRM  
10**

**SUPERME IRM 20 IRON REMOVAL  
MEDIA**

## About Us

Filtriva Water Systems is an Indian engineering solutions provider specializing in water treatment, wastewater management, chemical dosing, automation, and system integration for industrial, commercial, and institutional applications

Proven capability in end-to-end system integration of RO, STP, ETP and DM plants, covering process engineering, mechanical fabrication, piping, electrical systems, instrumentation, automation, interlocking and commissioning under a single responsibility framework. Expertise in advanced treatment, disinfection and discolouration technologies, including Ozonation, UV disinfection, Advanced Oxidation Processes (AOP) and activated carbon systems, designed to meet stringent regulatory discharge norms and process reuse standards.

## Key Facts

<b>Nature of Business</b>	Service Provider
<b>Primary Competitive Advantages</b>	flow meter,water softener resins,water softening chemical,water softeners,stp tank,stp plant maintenance services,sewage water treatment plant,bag filter,filter housing,wound filter
<b>No of Staff</b>	3
<b>Year of Establishment</b>	2025
<b>OEM Service Provided</b>	No
<b>ProductRange</b>	flow meter,water softener resins,water softening chemical,water softeners,stp tank,stp plant maintenance services,sewage water treatment plant,bag filter,filter housing,wound filter

## Our Products

**Packaged Sewage Treatment Plant**

**Mixed Bed Resin**

**Weak Based Anion OH Resin**

**Strong Acid Cation H Resin**

**Arsenic Removal Media**

**Water Softener ION Exchange Resin**

**Coconut Shell Activated Carbon**

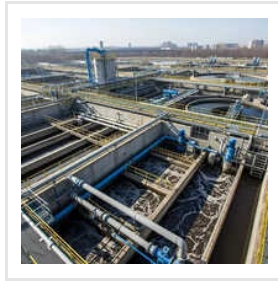

**Activated Carbon Granular**

**Packaged Effluent Treatment Plant**

**Apartment Sewage Treatment Plant**

**Commercial Sewage Treatment Plant**

**Industrial RO Membrane 8040**

**PP Spun RO Water DOE Filter Cartridge**

**Industrial RO Membrane 4040**

**PP Spun RO Water SOE Filter Cartridge**

**Industrial RO Membrane 4021**
