

Offering High Beneficial  
**Chemicals & Compounds...**

2-Mercaptobenzothiazole (MBT), 3-Hydroxy Benzoic Acid, 3-METHOXY BENZOHYDRAZIDE, 3-Methoxy Benzoic Acid, 4 PHENYLBUTYRIC ACID, 4-Chloro-1-Butanol Chemical, 4-Nitrophthalic Acid, 5-Sulfosalicylic Acid Dihydrate, AMMONIUM CHLORIDE, AMMONIUM PHOSPHATE MONOBASIC, Acetone Chemical, Acetonitrile Chemical, Agricultural Compounds, Ammonium Acetate, Ammonium Bromide, etc.

**BARIUM HYDROXIDE ANHYDROUS**

**PALLADIUM CHLORIDE**

**BARIUM HYDROXIDE**

## About Us

With over 39 years of experience, Forbes Pharmaceuticals has acquired specialization in formulating Chemicals and Compounds in compliance with domestic and international quality standards. Started in the year 1980, Forbes Pharmaceuticals is a well-known manufacturer, exporter, trader and supplier of Metal Salts, Nicotines, Sulphates, Nitrates, Nitrites, Carbonates and Oxides, Inorganic Compounds, Organic Compounds, Agricultural Compounds, etc. All these chemicals are highly used in food, textile, pharmaceutical, dyes, rubber and many more industries.

We have made a high reputation in the chemical industry because of our optimum quality compounds, genial client rapport and utmost customer's satisfaction, in addition to accepting challenge and opportunity in the industry. Empowered by the skill of our workforce and technologically advanced processing facility, our company has been persistently committed to offering an high-test array of organic and inorganic compounds which correspond to international quality grade. Our team of experienced chemical engineers and other expert professionals are chief contributor to the growth and success of the company. Their dedication and expertise are best used under our deft management for creditably catering to the necessity of our clients.

## Key Facts

<b>No of Staff</b>	40
<b>Year of Establishment</b>	1980
<b>OEM Service Provided</b>	No

## Our Products

**3-Methoxy Benzoic Acid**

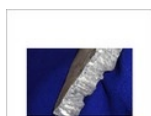

**Palladium Compounds**

**Cobalt Compounds**

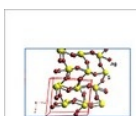

**Copper Compounds**

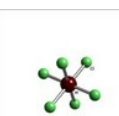

**Zinc Compounds**

**Chemicals Platinum Compounds**

**Silver Compounds**

**Tungsten Compounds**

**Potassium Titanium Oxalate**

**Bromine Compounds**

**Molybdenum Compounds**

**Iron Acetate Or Ferric Acetate Solution**

**Potassium Bromate**

**Palladium Oxide**

**Palladium Nitrate**

**Cuprous Oxide**
