## About Us

Since the establishment of our company, Gama Power Controls, in the year 1976, we have successfully built an outstanding track record as a manufacturer, supplier and trader of a wide variety of high-end electrical solutions. Heavy Duty Rectangle Connector, GFS-2 Industrial Foot Switch, Ideal Solid State Relay, Ideal Photoelectric Sensor, NB1-63H Miniature Circuit Breaker, Chint Auxiliary Contact, and many others are just a few of the unique goods we provide. All of our products are thoroughly tested before being shipped to customers. We also ensure that all our products are sold to clients at the best possible prices. In order to keep our product line updated with the newest industrial advancements, we also perform in-depth market research on a regular basis.

At Gama Power Controls, we have been working to present top-notch machinery and equipment to meet the demands of various industries. Our extensive product line, which includes H3120ZF Solid State Relay, Jc 1125 Heavy Duty Limit Switches, Optical Mouse Sensor, Chint Dc Mcb, CJT1-10 Chint Contactor, NC1-1201 Chint Contactor, and many more, is regularly complimented by a large number of customers. In our facility, which is located in the well-known city of Faridabad, Haryana, India, we precisely process our line of high-end products. We do not allow the manufactured goods to be shipped to customers until they have undergone extensive testing, which is how we have established such a solid reputation for ourselves in the electrical industry.
