About Us

Based in the gherkin hub of Tamilnadu- Dindigul, we, **Good Greens India Pvt. Ltd.**, are an eminent **manufacturer, supplier and exporter** of **Pickled Cucumbers, Gherkins In Acetic Acid, Fermented Cucumber, Baby Cucumbers, Green Chilies In Drums, Jalapenos In Acetic Acid, Bell Pepper In Drums**, etc. With over two decades of experience in contract farming and having 2000 farmers in network, we have made ourselves a reliable name of the market. The products we offer are grown, cultivated and processed under hygienic conditions in accordance with the Indian food safety standards authority guidelines.

Good Greens India Pvt. Ltd. is a FSSC 22000, HACCP, Star-K Kosher and FSSAI & US-FDA approved firm, offering Pickled Cucumbers, Gherkins In Vinegar, Cucumber In Drums, Green Chilies In Drums, Red Chilies In Drum, Jalapenos In Acetic Acid, Bell Pepper In Drums, etc. Abiding the national norms, our products are prepared in the maintained technologically advanced & hygienic production cell. The pickled cucumber we offer is well-appreciated for its exotic taste, rich aroma and nutritional benefits. Moreover, we are having an edge over the counterparts owing to emphasize on the customers feedback and transparency in the deals.

Infrastructure

Analyzing the business requirements and need of infrastructure to have proper execution of every task, we have constructed it. The wide space of it includes specific divisions of quality checking, storage, accounting, production, etc., where all the tasks take place in a systematic way.

Field Process

With our huge contracting networks of farmers in and around Dindigul, we are buying gherkins for the customers. The farm division of our firm handles the task of selecting the field and monitoring their cultivation & harvesting techniques. Our professionals make buy back agreement with the firms and also help farmers by providing seeds and fertilizers of approved quality. Apart, while selecting the contract farmers, several qualities are kept in mind like water availability, soil fertility, climate, logistics etc.
