About Us

Industrial Knives & Blades are an essential tools used in manufacturing activities of various items. They are useful in shaping various materials into end products. To meet the requirement of industries for these in a quality and cost efficient manner, Alfa Mech Engineering Company was established in the year 2014. As a Manufacturer and Exporter, we offer Sheet Cutter Knives, Circular Top Knives, Granulator Blade, Guillotine Cutter Knives, Circular Bottom Knives, High Speed Syncro Cutter, Shearing Blade, Metal Slitter, etc. We have a stringent quality control process under which we procure high quality carbide strip, alloy steel and allied raw materials for making our products. Owing to the use of A grade material and modern techniques, all our products get immense quality features and appreciation from clients for their excellent cutting performance, sharpness, longer life, corrosion resistance, accurate design, and more.

Our products have wide applications which includes Paper Mill, Plastic & Plastic Recycling, Steel and related industries. We have a team of dedicated professionals who understand the cutting tool requirements and provide clients with the best option. Our infrastructure is huge and capable of producing products in bulk and with high quality. Further, we work hand-in-hand with our clients to continuously level up their satisfaction and grow mutually.
