

# INDUSTRIAL FURNACE

**We Deliver What We Promise**

Aluminium Alloy Ingot Casting Plant, Aluminium Extrusion Plant, Aluminium Melting Skelner Furnace, Billet Heating Furnace, Billet Reheating Furnace, CI Mould for Aluminium Ingot, Convective Recuperator, Copper Melting Furnace, Furnace, Heat Treatment Furnace, Heating Furnace, Horizontal Ladle Pre Heating Station, Hydraulically Skelner Furnace, Hydraulically Tilting Skelner Furnace, Industrial Furnaces, etc.

**LPG FIRED GAS BURNERS**

**OIL FUEL BURNER**

**DUAL FUEL BURNER**

## About Us

A wide range of industrial products such as Copper Recycling Plant, Combustion Equipment, Tube Settler System, Pressure Blower and more are available at the podium of Entec Industrial Furnances. With no compromise on quality, unique working approach and customer driven set of policies, we have been able to survive in market for such a long run. As a manufacturer and supplier, we have earned a trust worthy image and a gathered a wide customer base. We have always prioritized buyers feedback so that necessary actions can be taken as per the same. Owing to modern machines and tools at our unit, we are able to design the aforesaid products of flawless category.

The assistance of strong logistics support has enabled us to deliver our goods including Combustion Equipment, Copper Recycling Plant, Pressure Blower, Tube Settler System, etc. at clients doorstep. During the transit it is made sure by our logistics partners that our products do not get damaged. Our shipment associated works 24x7 under all climatic conditions and enable us to keep our promise of timely delivery.

**Key Facts**

<b>No of Staff</b>	50
<b>Year of Establishment</b>	1997
<b>OEM Service Provided</b>	No
<b>Memberships</b>	FCCI

**Our Products**

**Heating Furnace**

**Rotary Hearth Furnaces**

**Aluminium Melting Furnace**

**Industrial Furnace Refractories**

**Oil Heating**

**Tube Settler With APC System**

**Cyclone For Lead Smelting Plant**

**Molten Metal Transfer Ladle**

**Gas Fuel Burner**

**Industrial Regenerative Burner**

**Aluminium Recycling Plant**

**High Pressure Blower**

**Duplex Oil Filtration**

**Regenerative Burner**

**Zinc Recycling Plant**

**Copper Recycling Plant**
