

ADVANCE MACHINES AND AUTOMATION

Manufacturer of:-
Precision Components, Jigs, Fixtures, Tools, Dies,
SPM, Conveyor, Industrial Automation
& All Type CNC and VMC Works.

An ISO 9001 : 2015 Certified

ABOUT US -

ABOUT US :

Advance Machines And Automation is a firm specializing in tool and product engineering, complete solution of design, manufacturing and integration of automated production systems for :

- Aero space Industry
- Automotive Industry
- Electrical & Electronics Industry
- Manufacturing Industry
- Medical Industry
- Civil Engineering Industry

Product

We are Highly experienced in this Industry, and the sole goal of the our experience staffis to identify challenges in order to offer clients innovatives solutions that will yield substantial saving and improve their productivity

- Tool and Die
- Jigs and Fixture
- Aero Space Components
- Precision Components
- Automotive Components
- Special Purpose Machine
- Industrial Automation
- Medical Components
- Testing Equipments
- Spare Parts
- Civil Engineering

MANUFACTURING CAPABILITIES :-

SL.No.	MACHINE DETAILS	Size (mm)	MAKE
1.	VMC	700 X 1300	STM
2.	VMC	850 X 600	STM
3.	MILLING MACHINE WITH DRO	1320 X 430	PACMILL
4.	MILLING MACHINE WITH DRO	1320 X 430	STAR MILL
5.	LATHE MACHINE	6'	JYOTI
6.	LATHE MACHINE	8'	KIRLOSKAR
7.	SURFACE GRINDING MACHINE	14" X 7"	RAMANNA
8.	SURFACE GRINDING MACHINE	24" X 8"	R.S.E
9.	GEAR SHAPER	12"	TOS CELAKOVICE
10.	DRILL MACHINE	3/4	MACHLESS

An ISO 9001 : 2015 Certified
