About Us

Nachiket Sales This is a professionally operated type of Manufacturer and Supplier of high-performance silver brazing fluxes under the Lomelt Series. We have dedicated ourselves to providing products of superior technical reliability that helps to achieve a high, clean and consistent brazing processes in industrial and workshop brazing. We develop our fluxes to be more wetting, less oxidizing and flow properly of the metal, thus improving the joint integrity and efficiency in operation.

Having a definite orientation toward the quality and performance in terms of application, Nachiket Sales adheres to strict production and quality control systems. Every batch is designed to go through accurate chemical and physical parameters in a way that the customers will get consistent outcomes even when in harsh brazing conditions. Fabrication units, HVAC manufacturers, electrical contractors, and engineering workshops have a lot of faith in our solutions.
