

Company Profile

Ati MARKETING

Dealers and stockists in Carbide and HSS Cutting
Tools since 2006.

Who are we?

02

Founded in 2006 by Mr. Najmuddin Ujjainwala, ATI Marketing is based out of the industrial hub of Mumbai in Nagdevi. With our achieved experience and young minds at work, we are here to revolutionize the process of industrial supply chain across the world. We have been a reputed company in the business for over 15 years and expanded in terms of product variety, brands, values and customer service.

With each passing year, we have grown stronger with added industrial brands and now have a business dealing with a network of suppliers and end-users all across the world. Along with our recent venture into the global market, we also have expanded into newer product categories to provide as a one-stop shop of all reputed brands for our clientele across the nation and globe.

Our Values

What We Do

We give our customers innovative and effective integrated solutions as per preference for them to gain optimum efficiency for their supply chain and operations.

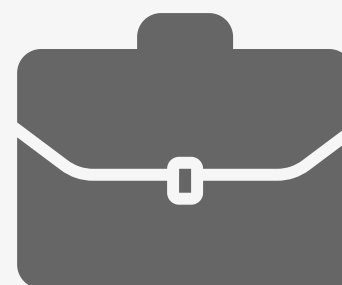

Infrastructure

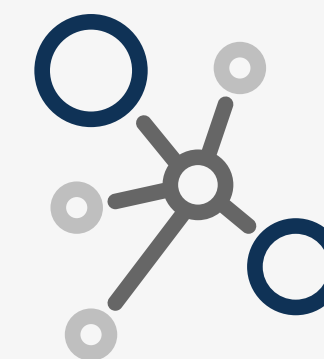

Starting with a small office in 2006, we have grown with a team of young and enthusiastic minds with keen interest in industrial technology, sales and marketing.

10+ Employees working in Sales,
Research and Marketing teams

Multiple offices and
warehouses

Supply network across India
Rapidly growing in the global market

How do we do it?

We put our clients first and cutting-edge technology second. We are results-oriented risk-takers with rooted beliefs in the core of our business.
