## About Us

Established in 2007, Lappteck Marketing has emerged as a distinguished trader and supplier, widely recognized for delivering an extensive range of high quality Touch Screen Panels, Infrared Touch Screen, Embedded Box Pc, LCD Display and related products. Our legacy is a result of the successful amalgamation of Klapp Marketing Pvt Ltd (formed in 1990) and Nuteck Products, bringing together decades of expertise and trust in the industry. We are committed to sourcing our products exclusively from top manufacturers, primarily in Taiwan and Korea, ensuring consistent supply and unmatched quality. We specialize not only in the supply of standard products but also cater to unique requirements by offering rare LCD displays especially for replacement in legacy machines such as Textile and Plastic Moulding equipment.

We pride ourselves on providing total solutions and the capability to design and deliver complete systems customized to our customers exact specifications. Many of our products are readily available ex-stock, enabling us to meet urgent demands and facilitate prompt deliveries. Our journey of growth and excellence owes much to the continual support and visionary direction of our owner, Mr. Nilesh. His leadership has propelled us to achieve significant milestones and establish a strong foothold in the ever evolving marketplace. We remain dedicated to delivering value, quality, and reliability to all our clients, shaping the future of technology solutions.
