About Us

Avanya Hydraulics stands as a dependable trader, supplier committed to delivering advanced hydraulic solutions that support seamless industrial operations. The focus remains on building long term relationships through consistent quality, reliable performance, and a deep understanding of fluid power requirements across industries. Every product offered reflects a careful selection process, ensuring that clients receive equipment engineered for precision, durability, and efficiency in demanding working conditions. A strong emphasis is placed on supplying components that contribute to smooth and controlled power transmission. Each solution is aligned with modern industrial needs, where reliability and efficiency are not optional but essential. With a portfolio that includes high performance hydraulic mobile control valves, gear pumps, and hydraulic motors, the company ensures compatibility across diverse systems while maintaining stable functionality even under high pressure environments. Attention to detail and commitment to quality assurance help reduce operational downtime and improve energy efficiency for clients.

Driven by a customer focused approach, we believe in offering solutions that go beyond basic supply. The aim is to support industries with products that enhance productivity while minimizing maintenance concerns. A small yet dedicated team works closely with clients to understand application specific needs and provide suitable hydraulic components that deliver consistent performance over time.

Key Facts

No of Staff	6
Year of Establishment	2025
OEM Service Provided	No

Our Products

125cc Rexroth Internal Gear Pump

Rexroth Gear Pump

PGF1 Rexroth Gear Pump

Dowty Pumps

OMR200 Danfoss Hydraulic Motor

Omt 400 Danfoss Hydraulic Motor

Sauer Danfoss Hydraulic Motor

OMV 630 Danfoss Hydraulic Motor

Hydraulic Directional Control Valves

Lever Operated Directional Control

Atos Pressure Control Valve

3 Inch Hydraulic Pressure Control Valve

3 Inch Parker Control Valves

3 Inch Hydraulic Pressure Control Valve

Automatic Hydraulic Directional Control

Rexroth Gear Pump
