About Us

Fountains enhance the beauty of the outdoor space and are used both as aesthetic and decorative purposes. Individuals or companies who are looking for the unique and well-functional fountains and its parts can contact Shiv Fountains And Electrical. The company was established in 2001 as a manufacturer, supplier and service provider and since then engaged in producing Commercial Floating Fountain, Misting System, Fountain Light, Bubbler Geyser Jet Nozzles, Garden Brass Adjustable Spray Nozzle, etc. Our firm is also specialized in providing Fountain Installation Service as per the requirements of the clients. As a quality-concerned organization, our firm makes sure that only high-grade materials like brass, stainless steel, etc. are used in the manufacturing stages. We procure these materials from the reliable vendors of the market considering the quality of the procured components. In addition to the manufacturing activities, we also provide our services as government contractors for a variety of electrical and fountain needs as requested by the clients. Due to our years of experience, we have also been able to add a touch of elegance and have made people envious of our creations beauty and charm.

Shiv Fountains And Electrical is a leading manufacturing company of Peacock Water Fountain, SS Solid Full Cone Spray Nozzle, Dust Removal System Slip Lock Mist Nozzles, Garden Spray Brass Nozzle, Fogging Fountain Nozzles and more. Operations related to production, engineering, designing, quality testing, packaging, etc. take place in our modern infrastructure facility located in Bhosari, Maharashtra (India).
