## About Us

With a mission to offer world class quality products to its customers, ARIHANT METAL has been procuring superb quality products from various locations across the globe. We have successfully acquired a remarkable position in the market and are a well known importer, wholesaler/distributor, supplier, stockist and trader of precision engineered products like Stainless Steel Bar, Stainless Steel Wire, Stainless Steel Rod, Stainless Steel Bright Bars, Stainless Steel Wire Rod etc. Established in the year 2007, the company has immensely expanded its business operations within a span of three years and consistently works towards strengthening its hold over the market.

Under the inspiring Direction of our mentor Mr. Rajesh Shah, we have acquired a vast pool of customers across the country. Our customers admire us for our ability to offer them high quality products as per their requirements and that too within the minimum possible time. The products supplied by us are imported from countries like Singapore, Germany, South Africa and Netherlands. These are sourced from well reputed vendors, who are known for their product quality. We maintain cordial relations with all our vendors and work in close proximity with them, so as to facilitate swift delivery of products to our clients.
