**AMINOCROTONONITRILE POWDER**

**SOLUBILISED VAT BROWN POWDER**

## About Us

Having industry leading capability to deliver the best range of Industrial Chemicals, Zinc Compound, VAT Dyes, Speciality Chemicals, and others, we are Sonu Chem, a Gujarat based trader and wholesaler that has been selling quality products since 1992. Our success story is no accident but the result of our outstanding associations with leading names of the industry. We have always worked in close affiliation with trusted vendor partners that employ technology and innovation to formulate Cobalt Sulphate Powder, Maroon Toner Pigment Powder, Zinc Dust Powder, Liquid Potassium Permanganate, Picramic Acid, etc., that are highest in terms of quality but lowest in terms of cost. Adoption of lean manufacturing methods and a zero-waste policy helps our partners to continually bring forth products exceeding our expectations.

Mr. Kaushik Shah, our mentor, believes in doing things right, the very first time. From finding the right partners, using the right trade tactics, training the right team to delivering the right products, he makes sure we move ahead in business through a culture of continuous value-creation. The great degree of confidence we have in our expertise is all because of his efforts and undiluted commitment towards the growth of our organization and the prosperity of our partners, employees and clients.
