About Us

Welcome to our company, a leading manufacturer, exporter, and trader of a comprehensive range of advanced printing and coating components. Since our establishment in 2003, we have been dedicated to delivering high-quality products that meet the diverse needs of industries worldwide. Our product portfolio includes premium Doctor Blade, Polymer Blades, Stainless Steel Doctor Blades, Pneumatic Shaft and many other specialized items. Each product is engineered with precision to ensure superior performance, durability, and efficiency in printing, coating, and related applications.

Our rubber tubes are designed for versatility and reliability, making them suitable for multiple industrial uses. The doctor blades we manufacture play a vital role in achieving accurate ink and coating control, and our wide selection ensures solutions tailored to different machinery and processes. Our bar coaters and Mayer bars provide smooth, consistent coatings, contributing to high-quality production output. Supported by a highly skilled and experienced team, we maintain strong technical expertise and a customer-centric approach. Their dedication enables us to uphold exceptional standards and deliver maximum satisfaction. With innovation, quality, and service at our core, we strive to be your most trusted partner.

Key Facts

No of Staff	8
Year of Establishment	2005
No of Production Lines	1
OEM Service Provided	Yes
