## About Us

Vimal Machine Tools is known in the market as a leading and reliable manufacturer, supplier, and exporter of heavy-duty industrial machines. Our offered range includes Universal Milling Machine, Radial Drill Machine, Heavy Duty Pedestal Grinding Machine With Starter, Hydraulic Power Press, Industrial 3 Roll Plate Blending Machine, and more. Our machinery is used in a variety of industries, including oil and gas, tanks and vessels, bus bodies, truck tipper loaders, earth moving equipment, railway coaches, defense, general infrastructure, power, telecommunications and transmission equipment, renewable, wind, and solar energy equipment, home appliance equipment, shipbuilding, airports and ports, electric panels, office and hospital furniture, forging industry, steel plants, heavy steel structure manufacturing, etc. Our products are available on the market at competitive market prices.

All incoming materials, such as IS-2062 Gr steel plate, round bars, and other miscellaneous parts, are subjected to strict material testing before being put into production. We have all of the essential mother machinery in house, as well as quality control instruments that are calibrated on a regular basis for stage checking of each part and sub-assembly to verify dimension accuracy prior to final installation into the machine. The primary frame of the machine and accompanying structures are fabricated by highly skilled and qualified welders using quality welding electrodes and wires.
