ABOUT US

Kiran Wirenetting Stores was established in the year 2000, with an objective of offering high grade industry material to the clients. Under the vigilant leadership of the CEO, Mr. Krishna Dudhoria, we have grown immensely and scaled new heights of success. We are actively engaged in the Manufacturing and Supplying of Screens, Metal Wire and Wire Products.

Infrastructure

Our company takes pride in its advanced infrastructural set-up fitted with the advanced state-of-the-art machinery. In addition to this, our employee base consists of remarkably trained and accomplished professionals who believe in working with the primary goal of complete customer satisfaction in mind.

Quality Assurance

Quality forms the primary concern of the company and for this we ensure utilization of optimum quality raw materials such as Stainless steel, aluminum, galvanized

metal etc. All the products offered by us undergo stringent quality control checks to assure the production and supply of supreme quality products.

Network

With sustained effort over the years we have been able to build a well recognized business network in India. The existence of this network has enabled us in the timely and proficient distribution of our products in the national market. Consequently, we are one of the reliable Screens, Metal Wire and Wire Products Manufacturers and Suppliers of India.

OUR PRODUCTS

CONCERTINA BARBED WIRE

We are a leading manufacturer and supplier of Concertina Barbed Wire based in Kolkata, West Bengal. These wires are commonly used as part of security fencing in homes, processing plants and on government controlled land such as airports. Being resistant to rust and corrosion the wires are long-lasting and light-weight. This product is manufactured in line with customer specifications and requirements.

CHICKEN WIRE MESH

We are a main manufacturer and supplier of Chicken Wire Mesh based in Kolkata, West Bengal. This mesh is used in making poultry cages, for securing children's play areas and in a number of horticultural uses. The light-weight and durable netting or mesh is much in demand for its rust and corrosion resistant properties. This mesh can be tailored to meet customer requirements.

GI WELDED WIRE MESH

We are a significant manufacturer and supplier of GI Welded Wire Mesh based in Kolkata, West Bengal. This mesh is made from good quality steel wire. The mesh offered undergoes electroplating and a hot zinc dip to ensure that it has a good finish. In addition to its many uses, this mesh is sometimes used in zoos to make animal cages or for making partitions.

SPRING STEEL WIRE MESH

Based in Kolkata, West Bengal we have emerged as an eminent manufacturer and supplier of Spring Steel Wire Mesh. These meshes are much sought after for use in coal storage units, stone crushing units and companies that deal with ferroalloys. We ensure that the mesh we offer meets all quality standards set by the industry and are durable and long-lasting.
