About Us

Founded in 2024, Pestova Crop Solution is a fast-growing agriscience company committed to transforming modern agriculture through innovative, sustainable, and high-performance crop protection solutions. Headquartered in India, we are dedicated to supporting farmers with scientifically developed products that enhance crop health, improve productivity, and promote environmentally responsible farming practices. As a manufacturer and supplier, we are prominent among customers for offering products like Plant Growth Regulator, Agricultural Fungicide, Humic Acid, Agricultural Insecticide, etc. Our customer-centric approach, combined with an unwavering focus on quality and innovation, enables us to address the evolving challenges faced by the agricultural industry.

Backed by modern manufacturing infrastructure, stringent quality control processes, and a growing distribution network, we strive to deliver reliable and effective solutions that meet the diverse needs of farmers across different regions and crop types. Our mission is to revolutionize agriculture through science-driven innovation, helping farmers achieve higher yields, healthier crops, and improved profitability while preserving soil health and environmental balance. By investing in research, adopting advanced technologies, and promoting sustainable agricultural practices, Pestova Crop Solution aims to become a trusted partner in the growth and success of the farming community, creating long-term value for customers, distributors, and stakeholders alike.
