## About Us

With nearly 45 years of experience, we, S. D. Industries, have gained expertise in manufacturing Carbon Products (Carbon Brushes, Carbon Brush Holder, Carbon Seal), Graphite Products, Mechanical Seals, Graphoil Packing Rings as per market demand. We are the renowned manufacturer, exporter, importer and supplier of Carbon Brushes, Carbon Brush Holder, Carbon Seal Rings, Carbon Bushes, Carbon Slide Rails For Primatex Stenter Machine, Carbon Vanes, Carbon Thrust Bearings For Submersible Pumps. Graphite: Graphite Rods/Blocks/Tubes/Nozzels & Crucibles. Mechanical Seal For Hthp/Chemical/Water Pumps & Other Rotary, Graphoil Packing Rings, Gaskets, Tapes & Sheets. These products are designed with a quality approved material for maximum performance and strength. Our range of Carbon Products is praised by many reputed companies due to its high thermal resistance, minimum thermal expansion, self lubrication capability, high corrosion resistance, better thermal conductivity and less deformation on extreme temperature. Besides, we have developed each range in various configurations and specifications to meet exact application need of diverse industries.

Since the incorporation in the year 1965, the company aim is to ship quality products at most competitive prices. For this, we have well planned and equipped infrastructure, where manufacturing activities takes place. Further, we have modern Quality Testing Unit for testing the finished products on various defined parameters. Each activity of our company is governed by an experienced team of professionals. The team of engineers, technicians and marketing agents, all work in close coordination to develop a quality range of products and obtain customer utmost satisfaction.
