About Us

Smart Machinery is a newly established trading, supplying, and service providing company based in Khurda, Odisha, India, founded in 2025. We specialize in delivering a wide range of high quality machinery and equipment designed for agricultural, gardening, and light industrial applications. Our product portfolio includes Car Pressure Washer, Vegetable Cutting Machine, Back Pack Leaf Blower, Earth Auger Machine, Grinding Machine, Sugar Cane Machine, and several other innovative tools that meet modern operational needs. We are committed to providing durable, efficient, and cost effective solutions that enhance productivity for farmers, small businesses, and service professionals. Customer satisfaction is our top priority, and we ensure prompt service support, reliable product availability, and transparent business practices. Our team focuses on building long term relationships with clients by offering dependable after sales service and technical assistance.

With a vision to become a trusted name in the machinery supply sector, we continuously strive to expand our product range and improve service quality to meet evolving market demands. We also emphasize timely delivery, competitive pricing, and strict quality checks on every product before dispatch to ensure maximum reliability and customer trust in every transaction. We aim to serve clients across India with consistent excellence and innovation growth.
