About Us

Established in 1998, Power Stab Instruments is a trusted manufacturer and supplier of high quality power conditioning and voltage regulation solutions based in Khurda, Odisha, India. With years of industry expertise, the company has developed strong capabilities in designing and delivering efficient products that address the challenges of unstable power supply across diverse applications. Our company offers a comprehensive range of products including Servo Stabilizers, AC Stabilizers, Microtek Voltage Stabilizers, Powerstab Rectifiers, CVT Constant Voltage Transformers and other advanced power management solutions. Each product is developed with a focus on dependable performance, operational efficiency and suitability for residential, commercial and industrial requirements.

We emphasize customized solutions to meet the specific electrical requirements of customers. Through continuous improvement, technical expertise and quality focused manufacturing practices, the company strives to provide reliable solutions that support smooth equipment operation and enhanced power stability. Backed by extensive experience and customer oriented services, we have established itself as a recognized name in the power stabilization sector. Our company continue to expand its product capabilities while maintaining its commitment to quality, innovation and customer satisfaction.

Key Facts

No of Staff	50
Year of Establishment	1998
OEM Service Provided	No

Our Products

20 KVA Single Phase Servo Voltage Stabilizer

AC Stabilizer

12 KVA Servo Voltage Stabilizer

40 Kva Three Phase Servo Voltage Stabilizer

Oil Cooled Servo Stabilizer

Three Phase Oil Cooled Servo Voltage Stabilizer

7.5 Kva Servo Controlled Voltage Stabilizer

30 KVA Air Cooled Servo Voltage Stabilizer

Mainline Voltage Stabilizer

15 KVA Servo Stabilizer

10Kva Servo Stabilizer

15 Kva Oil Cooled Servo Voltage Stabilizer

40 Kva Three Phase Oil Cooled Servo Voltage Stabilizer

5KVA Single Phase Servo Stabilizer

Air Cooled Servo Stabilizer

20 KVA Single Phase Servo Voltage Stabilizer
