### About Dyvora Energy

Dyvora Energy is a solar energy company serving Mohali, Chandigarh, Panchkula, Zirakpur, Kharar, and the entire Tricity region. We provide reliable solar solutions for homes, businesses, industries, and agricultural applications, helping customers reduce electricity costs and switch to clean, renewable energy.

We offer complete solar services, including consultation, system design, supply, installation, and after-sales support. Our range of solutions includes Rooftop Solar Systems, Solar Water Pumps, Solar Street Lights, Solar CCTV Cameras, Portable Power Stations, and Robot Lawn Mowers.

With a focus on quality products, professional service, and customer satisfaction, we deliver customized solar solutions to meet the energy needs of residential, commercial, industrial, and agricultural customers. We also assist eligible customers in availing government solar subsidy benefits to make solar installations more affordable.

### Why Choose Solar Energy?

- Reduce monthly electricity bills
- Recover your solar investment in as little as 35 years, depending on system size and energy usage
- Get Government Solar Subsidy benefits on eligible installations
- Generate clean and renewable energy
- Low maintenance and long operational life
- Protection against rising electricity costs
- Environment-friendly power generation
- Increased property value
- Reliable and sustainable source of energy

By investing in solar power, you can enjoy long-term savings while contributing to a greener and more sustainable future.

Dyvora Energy is committed to delivering dependable solar solutions with timely installation, expert guidance, and long-term support across Chandigarh, Mohali, Panchkula, Zirakpur, Kharar, Derabassi, New Chandigarh, Landran, Banur, Baddi, Punjab, and Haryana.

Dyvora Energy Your Trusted Partner for Solar Energy Solutions.
