## About Us

Canton Instrumentation & Automation is a reliable brand in the industrial measurement and control solutions industry. The company, being a reputable trader, supplier, and exporter, is dedicated to providing quality instrumentation products that can help in maintaining accuracy, efficiency, and safety in most industries. Canton has had a keen interest in reliability and customer satisfaction which have earned it a reputation of delivering solutions that address the changing needs of the modern industrial operations.

At Canton Instrumentation & Automation we focus on providing a broad assortment of high precision engineered products to measure and control critical parameters in industry. Our products include pressure gauges, pressure switches, dew point transmitters, industrial flowmeters, level switches, and other vital instrumentation products. All products go through intensive sourcing and testing to guarantee that they perform well in adverse conditions and give the same results.

**Key Facts**

<b>No of Staff</b>	3
<b>Year of Establishment</b>	2025
<b>OEM Service Provided</b>	No

**Our Products**

**Utility Pressure Switch**

**Syphon Tube**

**Miniature - Fixed Range Pressure**

**Smart Pressure Transmitter**

**Remote Sensing Smart Pressure Transmitter**

**Smart Differential Pressure Transmitter**

**Differential Pressure Switch**

**SS Brass Pressure Gauge**

**Capsule Pressure Gauge**

**Industrial Pressure Gauge**

**Solid Front Pressure Gauge**

**Diaphragm Seal Pressure Gauge**

**Schaffer Diaphragm Pressure Gauge**

**Tri Clover Pressure Gauge**

**Pressure Gauge With 4-20 MA Output**

**Digital Pressure Gauge**
