About Us

We, Bharatmata Engineering Works, have years of experience in manufacturing performance-centric machines. Our company was incorporated in 1950 in Howrah, West Bengal, and presently, we have attained a wide market reach through our high-quality products. Our Die Cutting Punching Machine, Heavy Duty Embossing Machine, Semi-Automatic Foil Stamping Machine, Die Cutting Creasing Machines, etc., are supplied to customers at fair prices all across India. We enjoy a prestigious position in the industry as we have many decades of experience, and constantly emphasize on quality and transparent business dealings.

The quality of machines is an offshoot of materials used, and its overall precision, accuracy and capabilities. Therefore, from the procurement of raw materials to the final delivery of the products, we ensure maintaining high standards in our operations. We check components for their durability and longevity so that the finished products stand tall on different quality parameters. This is why we have gained the trust of a large number of customers in the domain who blindly trust our expertise as a machine manufacturer, and the quality and functional accuracy of our designed range.
