## About Us

Wobota Robotics and Automation is a dynamic Manufacturer, Supplier and Service Provider based in Pune, Maharashtra, India, established in 2024. We are committed to delivering innovative robotic and industrial automation solutions that help businesses improve productivity, operational efficiency and manufacturing precision. With a strong focus on technological advancement and customer satisfaction, we offer a diverse range of products, including Granty System, Control Panel, Servo Gantry System, Refurbished Fanuc Robot, Cobot Collaborative Robot, and much more.

Our objective is to simplify industrial processes through intelligent automation technologies that support consistent performance, reduced manual intervention and optimized production operations. We understand the evolving requirements of modern industries and strive to provide solutions that align with diverse manufacturing applications and operational demands. Backed by a commitment to quality, technical expertise and dependable service, we focus on delivering value at every stage, from product selection and supply to installation support and after sales assistance. We believe in building lasting business relationships through transparent practices, responsive service and reliable engineering solutions. We aim to become a trusted name in industrial robotics and automation by continuously embracing innovation and delivering solutions that contribute to our customers long term growth.

## Key Facts

| | |
|---|---|
| **No of Staff** | 63 |
| **Year of Establishment** | 2024 |
| **No of Production Lines** | 1 |
| **OEM Service Provided** | No |

## Our Products

Spot Welding Robots

TIG System Welding Robot

Robotic Material Handling

Robot For Injection Molding Machine

Refurbished Abb Robot

Refurbished Kuka Robot

Cobot Collaborative Robot

Refurbished Fanuc Robot

Industrial Robotic Automations

Servo Gantry System

Sheet Bending Machine Robot

Linear Track As 7th Axis For Robot

Apfc Control Panel

Robotic Pick And Place System

Mig Welding Robot

Robotic Laser Welding Machine
