About Us

Established in the year 2000, Faith Engineering Works has emerged as a leading firm engaged in the manufacturing and retailing of a wide range of blow moulding machines. We make our machines available in different specifications and all are developed in compliance with industry standards and market regulations. To ensure efficient and seamless operations, our manufacturing facility is strategically divided into multiple well-organized units. Each unit is equipped with modern machinery and tools that help us achieve our production targets effectively. We regularly upgrade our infrastructure to enhance productivity and maintain smooth operational flow in line with our organizational goals. Our commitment to timely delivery, even for bulk orders, has earned us strong trust among our customers. Additionally, our products are offered at competitive wholesale prices.

Under the guidance of our mentor, Mr. Shaji Varghese, the Proprietor of the firm, we have established a strong presence in the market. His dedication, expertise, and leadership have helped us build a large and loyal customer base. With his continued support, we strive to maintain our leading position in the industry.
