About Us

When Modi Sprinklers Private Limited was founded in 1986, we quickly made a name for ourselves as a reputable and well-known company in the sector that produced and exported a large range of pipes and fittings. We have CPVC Fittings, PVC SWR Fittings, Rigid PVC Fittings, Solvent Cements and a lot more products available in our product line. To design and produce the available product line, we exclusively take into account high-quality, authorized fundamental materials. The clients strongly suggest our items due to their extended functioning life and higher quality.

A group of exceptionally skilled and knowledgeable individuals provide us with support. Utilizing the state-of-the-art equipment and updated machinery in our infrastructure section, our team of professionals is fully conversant with cutting-edge technology. In accordance with the various industry quality standards, every product that we offer is conceived and produced in our advanced production unit. Additionally, we have hired assiduously vigilant quality specialists who inspect the things we offer before sending them out to our customers. Additionally, we guarantee the delivered goods will be safe. We have developed out this niche in this field with the invaluable help of our mentor, Mr Prateek Modi. His extensive business background and deep domain expertise enabled him to provide our clients with effective service.
