## About Us

Sarathya Group is a manufacturer and supplier of high-quality FRP (Fiber Reinforced Plastic) / GI products for various industries. With strong industry experience and a young, dynamic approach, we deliver durable, corrosion-resistant, and cost-effective solutions while ensuring quality and timely delivery.

Quality is at the heart of our business activities. We use top quality raw material and have adopted rigorous manufacturing procedures to ensure top quality products. Each product is strictly checked and tested for reliability, dimensional accuracy and structural strength before being sent out for shipment. We have a strong focus on quality, which has helped us to cultivate strong relationships with clients from diverse industries.
