About Us

Over the years, the world of science has made many inventions and discoveries and is still indulged into finding out the mystery of the universe. To help our researchers in their various activities we, Bluefic Industrial & Scientific Technologies, are offering various scientific gadgets and instruments. We are a reliable manufacturer, supplier, and exporter of a comprehensive range of Scientific Instruments, Agricultural & Seed Technologies Instruments, Industrial Instruments, etc. Herein, we offer Microscopes, Mortuary Chamber, Muffle Furnace, and many other instruments. These are manufactured by our highly skilled engineers, who have a vast knowledge about their domain. Our company was established in the year 2002 and since then we have been heading on the path of success. In a short span of time, we have developed a positive image in the market and have also fetched trust of various customers. Optimum quality has been the primary feature of our range owing to continuous and industrious efforts of our professionals in the production process.

Bluefic Industrial & Scientific Technologies is a 2002 commenced manufacturer, exporter and supplier of high performing and durable Automatic Tissue Processor, Laminar Air Flow, Precision Water Bath, Stereo Trinocular Microscope, Fume Hood, Anti Biotic Zone Reader, and other products. Located in Ambala, Haryana, India, we have employed talented and skilled engineers to handle the manufacturing processes. They are bestowed with immense technical knowledge and industry experience. Supported with other experts, they lay down superior designs for the offered products and monitor the execution of the laid designs strictly. This enables us to develop perfectly manufactured Digital Student Kymograph, Student Organ Bath, and other instruments in variegated models. After production, we perform proper tests on the developed products to examine the entire offered range on different parameters and ensure their flaw free and reliable nature. We work towards maintaining quality standards which are unmatched and catering the market with reliable products. The rates fixed for our products are highly affordable and can be availed in both bulk and small numbers.

Key Facts

No of Staff	8
Year of Establishment	2002
No of Production Lines	1
OEM Service Provided	Yes
Monthly Production Capacity	as per order based
